

Request for Board of Commissioners' Action

From: Faye Hughes, County Administrator Date: _____

Subject: Repair/Resurface area on Barneyville Rd Item Number: VIII-E

Littlefield Construction and East Coast Asphalt were asked to look at a 300 ft length of road east of the Cook / Berrien County line on Barneyville Road. They gave an estimate of \$25,000 to repair/resurface the area. The price per unit the same as the areas they are currently resurfacing / repairing on Massee Post Road and other areas around the County.

I poled the Board all agreed to have them go ahead and do the work at the bridge on Barneyville Road while they are in the area, rather than having to pay a mobilization fee at a later date.

Motion made by _____ ratify decision to approve estimate of \$25,000 to repair 300 ft of Barneyville Road east of the bridge between Cook and Berrien County.

Second made by _____

Any discussion: _____

Votes _____ yes _____ no

Motion carried/ failed
