INDEPENDENT AUDITOR'S REPORT

To The Board of County Commissioners
Cook County, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cook County, Georgia as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Cook County Board of Health which represent 97.9 percent, 60.2 percent, and 93.5 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Cook County Board of Health is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Cook County, Georgia, as of September 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and budgetary comparison be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cook County, Georgia's basic financial statements. The combining and individual fund financial statements and schedules and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, supplemental schedules, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and

supplemental schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2016, on our consideration of the Cook County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cook County, Georgia's internal control over financial reporting and compliance.

COOK COUNTY, GEORGIA
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2015

Amounts reported for governmental activities in the *Statement of Activities* are different because:

Net change in fund balances - total governmental funds reported in the *Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds* \$ 2,302,186

Governmental funds report capital outlays as expenditures. However, in the *Statement of Activities* the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital Outlay	1,553,414
Depreciation Expense	(1,035,923)
	517,491

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) increases (decreases) net position.

Cost of Capital Assets Sold/Disposed	(271,738)
Accumulated Depreciation	134,526
Trade-Ins	108,100
Capital Assets Reassigned to Enterprise Funds	(1,386,786)
	(1,415,898)

Revenues in the *Statement of Activities* that do not provide current financial resources are not reported as revenues in the funds while revenues reported in the *Statement of Revenues, Expenditures and Changes in Fund Balances* are recognized as revenue of the previous period in the *Statement of Activities* and included in beginning net position.

Taxes	15,137
	15,137

The issuance of long-term debt (e.g., bonds, leases, notes) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the *Statement of Activities*.

Debt Issued or Incurred	
Issuance of Notes Payable	(180,000)
	(180,000)

Expenses reported in the *Statement of Activities* that do not require the use of current financial resources are not reported as expenditures in governmental funds while expenditures reported in the *Statement of Revenues, Expenditures and Changes in Fund Balances* are recognized as expenses of the previous period in the *Statement of Activities* and included in beginning net position.

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Cook County, Georgia was established on July 30, 1918, and operates under a five member Board of Commissioners form of government. Commissioners serve staggered terms of four years. The Board elects its own chairman.

The accompanying financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the County.

Blended Component Unit. The Airport Authority of Cook County is a blended component unit. The component unit is a legally separate organization for which the County is financially accountable. The data from this unit is combined with data of the primary government and reported as an enterprise fund. The Airport Authority of Cook County does not issue separate financial statements.

Discretely Presented Component Units

The Cook County Board of Health (Board) provides healthcare services for the citizens of the County. The County Commissioners appoint a voting majority to the Board. The component unit column in the combined financial statements includes the financial data of the Board, as reflected in their most recent audited financial statements. The fiscal year end of the Board is June 30.

Complete financial statements for the Cook County Board of Health may be obtained at the entity's offices.

Cook County Board of Health
205 North Parrish Avenue
Adel, Georgia 31620

The Adel/Cook County Tourism Authority (Authority) develops and directs projects which support and promote tourism in the Adel/Cook County area. The Authority board consists of seven members, including two members appointed by the Board of County Commissioners, two members appointed by the Mayor and Council of the City of Adel, and three members appointed by the Board of Directors of the Adel Industrial Development Authority. Separate financial statements are not issued for the Authority.

B. Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate component units for which the primary government is financially accountable.

C. Basis of Presentation – Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the County's enterprise funds. Separate financial statements are provided for governmental funds,

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The discretely presented component units are shown in separate columns in the government-wide financial statements. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

D. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category — governmental, proprietary, and fiduciary — are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *SPLOST 2010 Fund* accounts for the special one percent sales tax imposed for various capital outlay projects for the six year period October 1, 2011 - September 30, 2017.

The County reports the following major proprietary funds:

The *Solid Waste Fund* accounts for the activities of the government's landfill operations.

The *Airport Authority Fund* accounts for the operation of the airport. The Cook County Airport Authority owns and operates the airport for the County and the City of Adel jointly.

Additionally, the County reports the following fund types:

Agency Funds account for taxes, fees, fines, and bonds collected on behalf of other governments, agencies, officials, and individuals.

During the course of operations the County has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources*

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the County.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. The agency fund has no measurement focus but utilizes the *accrual basis of accounting* for reporting its assets and liabilities.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit and short-term investments with original maturities of three months or less from the date of acquisition.

2. Investments

State statutes authorize the County to invest in obligations of the State of Georgia or other states, obligations issued by the U.S. Government, obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States, obligations of any corporation of the U.S. Government, prime bankers' acceptances, the local government investment pool, repurchase agreements, and obligations of other political subdivisions of Georgia.

Investments for the County are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates, and investments that do not have an established market are reported at estimated fair value.

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

3. Inventories and Prepaid Items

The costs of inventories are recorded as expenditures when purchased in all funds. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as expenditures when paid in the governmental funds and as prepaid items in both the government-wide and proprietary fund financial statements.

4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost which exceeds certain capitalization thresholds and an estimated useful life in excess of two years. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the County has capitalized items acquired or constructed after September 30, 2003. As the County constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated fair value at the date of donation. Land and construction in progress are not depreciated. The property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

Assets	Capitalization Thresholds	Estimated Service Life
Buildings	\$ 10,000	25-60
Machinery and Equipment	5,000	5-10
Improvements	5,000	10-30
Public Domain Infrastructure	25,000	15-40

5. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Premiums and discounts are deferred and amortized over the life of the debt using the effective interest method. Debt issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

time. The County has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source: property taxes. The amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

7. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

8. Fund Balance Flow Assumptions

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

9. Fund Balance Policies

Fund balance of governmental funds is reported in various classifications based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The fund balance classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance includes amounts that are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision making authority.

Assigned fund balance includes amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned fund balance is the residual classification for the General Fund. The classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the County's highest level of decision-making authority. The Board of County Commissioners is the highest level of decision-making authority for the County that can, by board approval, commit fund balance. Once approved, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation.

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The Board of County Commissioners may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

G. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

2. Property Taxes

Property taxes were levied on August 18, 2014, payable December 20, 2014, and attached as an enforceable lien on property as of January 1, 2014. The billings are considered past due after December 20, 2014, at which time the applicable property is subject to lien, and penalties and interest are assessed.

3. Compensated Absences

The County's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from County service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements.

Accumulated sick leave lapses when employees leave the employ of the County and, upon separation from service, no monetary obligation exists. Therefore no liability for such leave is reported.

4. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds except capital projects funds, which adopt project-length budgets. All annual appropriations lapse at fiscal year-end.

All departments of the County submit requests for appropriations to the County Administrator so that a budget may be prepared. The proposed budget is presented to the County Commission for review. The Commission holds public hearings and a final budget must be prepared and adopted no later than September 30.

The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the County Commission. The legal level of budgetary control is the department level.

B. Excess of Expenditures Over Appropriations

Excess of expenditures over appropriations at the department level (the legal level of control) is presented below:

	<u>Budget</u>	<u>Actual</u>	<u>Excess</u>
General Fund			
Tax Commissioner	\$ 240,788	\$ 255,973	\$ (15,185)
District Attorney	46,493	174,929	(128,436)
Transportation Services	150,263	187,079	(36,816)
Adel/Cook Recreation LOST Special Revenue Fur	419,900	459,065	(39,165)

C. Deficit Fund Equity

The following funds had deficit fund equity at September 30, 2015:

Adel/Cook Recreation LOST Special Revenue Fund	\$ 106,295
--	------------

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

III. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

The County does not have a formal policy for interest rate, credit, concentration of credit, or custodial credit risks.

Custodial credit risk – deposits. This is the risk that in the event of a bank failure, the County's deposits may not be returned to it. As of September 30, 2015, the County's entire bank balance was insured and collateralized with securities held by the pledging institution's trust department or agent in the County's name.

B. Receivables

Amounts are aggregated into a single accounts receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. Below is the detail of receivables for the major funds and the nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts:

	General	SPLOST 2010	Nonmajor Governmental Funds	Solid Waste	Airport Authority	Total
Interest	\$ --	\$ --	\$ --	\$ 302	\$ --	\$ 302
Taxes	106,462	--	--	--	--	106,462
Accounts	--	--	54,443	35,421	--	89,864
Intergovernmental	431,470	467,864	15,132	--	150,000	1,064,466
Other	6,062	--	--	--	--	6,062
Gross Receivables	543,994	467,864	69,575	35,723	150,000	1,267,156
Less: Allowance for Uncollectibles	(12,369)	--	--	--	--	(12,369)
	<u>\$ 531,625</u>	<u>\$ 467,864</u>	<u>\$ 69,575</u>	<u>\$ 35,723</u>	<u>\$ 150,000</u>	<u>\$ 1,254,787</u>

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities	
General Government	\$ 113,492
Judicial	1,000
Public Safety	467,864
Public Works	343,226
Health and Welfare	102,882
Housing & Development	7,459
Total Depreciation Expense	<u>\$ 1,035,923</u>

Business-type activities	
Solid Waste/Landfill	\$ 190,858
Airport Authority	304,567
Total Depreciation Expense	<u>\$ 495,425</u>

D. Interfund Receivables, Payables and Transfers

The composition of interfund balances as of September 30, 2015 was as follows:

Due From / To Other Funds:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	\$ 215
General Fund	Solid Waste Enterprise Fund	28,444
SPLOST 2010 Capital Projects Fund	General Fund	87,425
Nonmajor Governmental Funds	General Fund	37,728
Solid Waste Enterprise Fund	General Fund	3,120
		<u>\$ 156,932</u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. The General Fund owes the SPLOST 2010 Fund \$87,425 for a transfer of insurance proceeds paid by the General Fund in the subsequent year. The General Fund owes the Adel/Cook Recreation LOST Fund \$32,284 in Local Option Sales Tax proceeds.

Interfund Transfers:

Transfer In	Transfer Out	Amount
General Fund	Nonmajor Governmental Funds	\$ 75,759
SPLOST 2010 Capital Projects Fund	General Fund	87,425
SPLOST 2010 Capital Projects Fund	Airport Authority Enterprise Fund	707
Nonmajor Governmental Funds	General Fund	150,000
Solid Waste Enterprise Fund	SPLOST 2010 Capital Projects Fund	465,705
		<u>\$ 779,596</u>

A Nonmajor Special Revenue Fund transferred \$75,000 to the General Fund to finance jail operations. The General Fund transferred insurance proceeds of \$87,425 to the SPLOST 2010 Fund. The General Fund transferred \$150,000 to a Nonmajor Special Revenue Fund to finance E-911 operations. The SPLOST 2010 Fund transferred \$465,705 to

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

the Solid Waste Fund to finance special sales tax projects. Governmental Funds transferred capital assets of \$1,386,786 to the Airport Authority Fund.

E. Long-Term Debt

Notes Payable

The County borrowed \$180,000 at 3.5% interest from the U.S. Department of Agriculture for the purchase of fire trucks. The loan is payable in annual payments of \$29,429 over seven years beginning June 12, 2016. At September 30, 2015, the outstanding balance on this note was \$180,000.

The County borrowed \$2,681,968 at 3.31% interest from the Georgia Environmental Finance Authority for the construction of the first seven cells in Phase II of the County's municipal solid waste landfill. The loan is payable in monthly installments of \$41,122 over six years beginning October 1, 2012. At September 30, 2015, the outstanding balance on this note was \$1,407,417.

The County has obtained financing with the U.S. Department of Agriculture for construction of hangars at the airport. The revised loan amount is for \$855,003 and annual payments of \$62,271 will begin March 7, 2016 for thirty years at 3.5% interest per year. On July 23, 2015, the County made a lump sum payment of \$362,621 on the note and, at September 30, 2015, the outstanding balance on this note was \$503,614.

Debt service requirements to maturity for the note payable as of September 30, 2015 were as follows:

Year Ending September 30	Governmental Activities			Business-type Activities		
	Principal	Interest	Total	Principal	Interest	Total
2016	\$ 23,139	\$ 6,300	\$ 29,439	\$ 498,365	\$ 57,369	\$ 555,734

	<u>\$ 4,637,445</u>	<u>\$ 293,188</u>	<u>\$ (795,414)</u>	<u>\$ 4,135,219</u>	<u>\$ 523,365</u>

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

For governmental activities, claims and judgments, compensated absences, and pension liabilities are generally liquidated by the General Fund.

F. Pensions

Valic Deferred Compensation Plan

The Valic Deferred Compensation Plan, administered by the County Administrator and County Clerk, is a defined contribution pension plan established under section 457 of the Internal Revenue Code to provide retirement benefits to full-time employees of the County. Employees are eligible to participate after three years of employment. At the time of entering into or amending a participation agreement, employee must agree to defer a minimum periodic amount as specified by the Plan Administrator in accordance with requirements established by County resolution, currently 1% of compensation or \$20. The County is permitted to make non-elective contributions at its sole discretion. The County's contribution rate for employees hired before March 5, 2001 is 12%. Effective March 5, 2001, all new employees with 3 years of continuous, full time employment shall become eligible to receive a County paid contribution of 3% of gross salary and a County matching contribution up to 3%. Effective July 17, 2012, the County elected not to make matching contributions. All contributions and other requirements were established by County resolution. For the year ended September 30, 2015 the County did not contribute to the plan and there were no employee deferrals.

ACCG 457 Deferred Compensation Plan

The ACCG 457 Deferred Compensation Plan, administered by Gebcorp, is a defined contribution pension plan established under section 457 of the Internal Revenue Code to provide retirement benefits to the County's full-time employees. Employees are eligible to participate after three years of employment. At the time of entering into or amending a participation agreement, employees may elect to defer a minimum percentage of 1% or a flat dollar amount of \$20. The County is permitted to make non-elective contributions at its sole discretion. The County's contribution rate for employees hired before March 5, 2001 is 12%. Effective March 5, 2001, all new employees with 3 years of continuous, full time employment shall become eligible to receive a County paid contribution of 3% of gross salary and a County matching contribution up to 3%. Effective July 17, 2012, the County elected not to make matching contributions. All contributions and other requirements were established by County resolution. For the year ended September 30, 2015 the County did not contribute to the plan and employee deferrals were \$30,432.

G. Restricted Assets

The balances of the restricted asset accounts of the governmental and enterprise funds were as follows:

	Governmental Activities	Business-type Activities
USDA Loan Reserve	\$ 736	\$ 3,633

H. Landfill Closure and Post-Closure Care Cost

State and federal laws and regulations require that the County place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the recognition of these landfill closure and post-closure care costs is based on the amount of the landfill used during the year. The reported liability for closure and post-closure care at September 30, 2015 is \$2,217,042. Included in this amount is \$1,275,551, which is based on 100% usage of filled sites. The remaining balance of \$941,491 represents the cumulative amount reported to date based on the use of 35% of the estimated capacity of the Household landfill and none of the estimated capacity of the C&D landfill. The County will recognize the remaining estimated cost of closure and post-closure care of \$4,164,550 as the remaining estimated capacity is filled. Financial assurance

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

requirements are expected to be met by providing EPD with financial strength ratios, which exceed established requirements. These amounts are based on what it would cost to perform all closure and post-closure care. The estimated remaining life of the Household landfill is 46 years and the C&D landfill is 235 years. Actual costs may be higher due to inflation, deflation, changes in technology, or changes in regulations.

I. Fund Balances

The classifications of fund balances reported in the governmental funds as of September 30, 2015 were as follows:

	General	SPLOST 2010	Other Governmental Funds	Total Governmental Funds
Restricted				
Public Safety	\$ --	\$ --	\$ 333,959	\$ 333,959
Capital Outlay	--	2,612,124	239,493	2,851,617

Special Revenue Funds	--	--	(106,295)	(106,295)
	<u>3,922,231</u>	<u>--</u>	<u>(106,295)</u>	<u>3,815,936</u>
Total Fund Balances	<u>\$ 3,922,231</u>	<u>\$ 2,612,124</u>	<u>\$ 1,364,434</u>	<u>\$ 7,898,789</u>

J. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. Settled claims from these risks have not exceeded insurance coverage for the past three years. To cover the risks, the County is a member of the Association County Commissioners of Georgia - Interlocal Risk Management Agency (ACCG-IRMA). The ACCG-IRMA operates under the authority of O.C.G.A. 36-85-1 et Seq. and administers group self-insurance funds, which receive contributions of its members in order to pool the risks of general liability, motor vehicle liability, and property damage. Through participation in the agency, members jointly purchase insurance with other counties participating in and belonging to the agency and are coinsured under master policies with the total premium apportioned among the participants. The County is jointly and severally liable for all legal obligations of the funds which arise out of an event which occurs while the County is a member of the fund. The County's deductible for coverage starts at \$1,000 with various limits of liability up to \$5,000,000 for liability, \$35,385,031 for property, and \$100,000,000 for boiler/machinery coverage.

For its workers compensation coverage, the County is a member of the Association County Commissioners of Georgia-Group Self-Insurance Workers' Compensation Fund (ACCG-GSIWCF). The ACCG-GSIWCF operates under the authority of O.C.G.A 34-9-150 et Seq. The County pays into the fund its share of the fund's projected obligation for workers' compensation liability, administrative expenses, and other costs incurred by the fund. The County's share is adjusted by the board of the fund according to the claims experience of each participating member in accordance with criteria set forth in the bylaws of the fund. The fund makes payments to the employees of the members for workers compensation benefits pursuant to and in accordance with the claims procedures set forth in title 34, chapter 9 of O.C.G.A. The County is jointly and severally liable for all legal obligations of the fund, including, but not limited to, any obligations of the fund to pay claims against the fund arising out of any occurrence, incident, or accident covered under title 34, chapter 9 of O.C.G.A.

COOK COUNTY, GEORGIA
Notes to the Financial Statements
September 30, 2015

K. Commitments and Contingencies

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the County's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the County.

Amounts received or receivable from grantor agencies, federal and state, are subject to audit and adjustment by those agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. In the opinion of County management, such disallowances, if any, will not be significant to the County's financial statements.

The County entered into a contract with Mid Georgia Ambulance Service, Inc., (MGA) to provide ambulance service to the citizens of Cook County effective November 1, 2007. The contract was for three years and renews every twelve months unless either party notifies the other in writing, ninety days before the renewal date, of intent to terminate the contract. The County will provide quarters to MGA for housing personnel and equipment during the term of the contract. According to the contract, the County will pay MGA \$35,000.00 each month, MGA will retain all fees generated during the term of the contract.

L. Joint Ventures

Under Georgia law, the County, in conjunction with other cities and counties in the South Georgia area, is a member of the Southern Georgia Regional Commission and is required to pay annual dues thereto. During its year ended September 30, 2015, the County paid \$10,689 in such dues. Membership in a regional commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the regional commissions in Georgia. Regional commission board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that member governments are liable for any debts or obligations of a regional commission. Separate financial statements may be obtained from:

Southern Georgia Regional Commission
327 West Savannah Avenue
Valdosta, Georgia 31601

Notes to the Required Supplementary Information
September 30, 2015

A. Budgetary Information

The annual budget of the General Fund was adopted on a basis consistent with generally accepted accounting principles. The presentation of expenditure amounts reported in the General Fund *Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual* differs from the *Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds* due to the functional classification of certain expenditures. The following schedule presents a reconciliation of those amounts.

	Budget Schedule	Reconciliation	Governmental Fund Statement
EXPENDITURES

**COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES**

Major Governmental Funds

General Fund

The General Fund is the County's primary operating fund. It is used to account for and report all financial resources of the general government, except those required to be accounted for and reported in another fund.

Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

SPLOST 2010 Fund - This fund is used to account for the special one percent sales tax imposed for various capital outlay projects for the six year period October 1, 2011 - September 30, 2017.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Jail Surcharge Fund - This fund is used to account for a 10% addition to certain fines collected for the purpose of jail operations and improvements.

Sheriff's Drug Fund - This fund is used to account for collection and disbursement of federally forfeited funds which are to be used solely for local drug enforcement.

Drug Abuse Treatment & Education Fund - This fund is used to account for the collection and disbursement of the add-on penalty on drug fines, which is used for drug abuse treatment and education programs relating to controlled substances.

E-911 Fund - This fund is used to account for the proceeds of the surcharge on county residents' telephone bills to fund the emergency services telephone system.

Grant Fund - This fund is used to account for the proceeds of grants.

Hotel/Motel Tax Fund - This fund is used to account for the taxes on charges for rooms, lodging, or accommodations furnished by hotels, motels, inns, tourist camps, and cabins.

Adel/Cook Recreation Lost Fund - This fund is used to account for the portion of Local Option Sales Tax used for recreation purposes.

SPLOST 2005 Fund - This fund is used to account for the special one percent sales tax imposed for various capital outlay projects for the six year period October 1, 2005 - September 30, 2011.

Major Proprietary Funds

Major Enterprise Fund

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the County Commission is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the County Commission has decided that periodic determination of net income is appropriate for accountability purposes.

Solid Waste Fund - This fund is used to account for the activities of the County's landfill operations.

Airport Authority Fund - This fund is used to account for the operation of the Airport. The Cook County Airport Authority owns and operates the airport for the County and the City of Adel jointly.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of County Commissioners
Cook County, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cook County, Georgia, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise Cook County, Georgia's basic financial statements and have issued our report thereon dated June 29, 2016. Our report includes a reference to other auditors who audited the financial statements of the Cook County Board of Health as described in our report on Cook County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cook County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cook County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Cook County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cook County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and

accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To The Board of County Commissioners
Cook County, Georgia

Report on Compliance for Each Major Federal Program

We have audited Cook County, Georgia's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Cook County, Georgia's major federal programs for the year ended September 30, 2015. Cook County, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Cook County, Georgia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cook County, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Cook County, Georgia's compliance.

Opinion on Each Major Federal Program

In our opinion, Cook County, Georgia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

Report on Internal Control Over Compliance

Management of Cook County, Georgia, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Cook County, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular

A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Cook County, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
