

Request for Board of Commissioners' Action

From: Faye Hughes

Date: 7/13/2017

Subject: Old Union / Antioch Rd Signs

Item Number: VII-A

During our last meeting we discussed signs for Old Union Rd and Antioch Road intersection.

Commissioner Audie Rowe and I met with Brent Lupo with DOT. The Department of Transportation has no jurisdiction on county maintained roads, but we asked him for advice to improve the intersection due to the number of people that run the stop signs on Old Union Road.

Mr. Lupo suggested that we place flashing signs: Stop Ahead with "Cross Traffic Does Not Stop" and Stop Signs. He also suggested that we put flashing signs on Antioch Road Dangerous Intersection.

I got prices from the list of vendors that Mr. Lupo gave me.

American Lighting and Signalization, Inc. = \$30,000.34 Includes equipment and Installation

Corbett Electrical Construction, Inc. = \$33,600.00 Includes equipment and Installation

Moye Electric Company, Inc. = \$33,950.00 Includes equipment and Installation

Temple, Inc. = \$16,220.72 equipment only no installation

All the above proposals are for solar powered equipment.

Corbett Electrical Construction, Inc. = \$13,500 wired with equipment total \$47,100

It is my recommendation that the Board go with the low bid.
