Daniel Connell III
County Attorney

There will be a Work Session Meeting of the
Cook County Board of Commissioners
Held on **March 7, 2016** at **3:30 pm** in the
Cook County Commissioners Office

Agenda

3:30 **Executive Session - Legal Matter**

5:00 **Ed Shiflett - Sunbelt Power Solutions (see attached information)**

Discussion Items:

A. Lamar Ray -

1. **First Responders**
2. **911 Portable Radio Request**

B. Jacob McDowell ♦ PV Fire Department - the truck that was purchased for SE Cook. The truck is currently housed at Pine Valley. It was being used by Pine Valley until their truck that was repaired. The SE truck had no equipment on it when it was taken to Pine Valley. They had to use the equipment off of their down truck to be able to use it.

The County purchased equipment to go on the SE truck before it was moved. The equipment is currently housed at SE Cook. Jacob♦s question is why the equipment can♦ be put on the truck just in case any department has to use the truck. He said the question has been asked to SE, but it hasn♦ been released.

Jacob is looking for direction from the Board on whether to pursue getting the equipment and putting it on the truck or leave the issue alone. Jacob is supposed to be at the March 7, Board meeting for this discussion.

C. **2016 County Road Striping List**

D. **Road Work Detail**

E. **EMS Splost Allocation Spreadsheet**

The architect of the proposed EMS building has reviewed the bid proposal from Lariat Steel Design and have the following comments:

- 1-♦U-deck♦ roofing panels do not comply with specified roofing panels
- 2-(3) 3070 ♦ glass steel doors do not comply with the door schedule
- 3-(1) 3070 steel door with transom does not comply with the door schedule
- 4-(7) 3♦ x 7♦-3♦ framed openings does not comply with the drawings
- 5-(13) 3♦ x 5♦ framed openings for windows does not comply with the drawings
- 6-(13) 3♦ x 5♦ windows does not comply with the drawings
- 7-concrete furnished by others does not comply with the drawings
- 8-brick by others does not comply with the drawings

The concrete and brick are clearly shown on the drawings to be furnished and installed by the contractor and should be included in his bid. See drawings A-1.0, S-1.1, S-2.1, A-2.1, and A-3.1.

These two items are very expensive.

Based on my review I would recommend rejecting the bid from Lariat Steel Design. Please feel free to call me if you have any questions.

James D. Cone, Architect
1806 Plum Street
Valdosta, GA 31601

F. [Invitation: Strategic National Stockpile Summit ♦ Valdosta](#)

G. [Consideration of an appointment to replace Ann Knight on the Region 4 Mental health, Developmental Disabilities & Additive Diseases Regional Advisory Council](#)

Adjourn
