John W. Swails
Center
Royston, GA
(Franklin County)

ACCG's Fall Regional Legislative Forums, previously known as Fall District Meetings, will take place across the state in November. These meetings provide county officials an opportunity to engage in candid roundtable discussions with state legislators and ACCG policy staff on timely issues impacting counties. ACCG has restructured these meetings to make them more regionally focused in order to accommodate more county officials and to narrow the conversation to what's taking place in their respective areas. With the new format and schedule, county officials are welcome to attend more than one meeting as the locations are centralized.

County officials are highly encouraged to extend a personal invitation to their state legislators.

Register today! Choose the meeting(s) of your choice and visit the **ACCG website to register**. For more information, contact Nicole Logan at nlogan@accg.org.
