

# Request for Board of Commissioners' Action

From: Faye Hughes, County Administrator Date: 11/29/2017

Subject: 2006 Excavator Repairs Item Number: VIII-E

During the pre-bid meeting for the upcoming excavator bid. Commissioner Purvis and Commissioner Lane discussed not taking bids for a new excavator. Commissioners Purvis and Lane discussed having the excavator repaired and continuing using it. The projected costs of repairs were \$3500 for the drive from Hoboken Salvage and \$\$2894 from Yancey's for labor.

(It was decided in the meeting of November 6 Work Session to begin the bid process on a new excavator, move the 2011 excavator to the landfill and house the new excavator at the road department; bids were to include trading in the 2006 excavator that is currently at the landfill.)

## MOTIONS:

Chairman will need a motion to move forward with repairing the 2006 excavator as suggested.

Since the work session minutes from November 6 indicate that the board would move forward with requesting bids for a new excavator, the chairman will need a motion to NOT accept bids for a new excavator at this time.
