Commissioners,

I wanted to touch base with you regarding the purchase of a vehicle for myself and the court staff to use. As you are aware, my counterparts at magistrate currently have take-home vehicles for their judges. In recent years I have found myself using my personal vehicle to meet law enforcement and families at the courthouse and even at residences throughout the night and on weekends to secure mental health warrants for individuals. I also do my own first appearance hearings which requires much travel to the jail. The vehicle would also be used for my staff and I to attend trainings and meetings. That said, I reached out to Cook County Ford with regards to used vehicles so I could provide you with some options. Kirk has advised me – as you can see in the email below – they have a new base model truck that has a hefty government concession of about \$13,000 making the purchase amount just over \$23,000. They had purchased the truck for the city but the city chose to go a different route and now they are looking to move it. Please know that I will add \$5-10 of court cost to each case resulting in the vehicle being paid for in two years. I would like to request that you approve the purchase of the truck for our use here at the probate court. Thank you in advance.

Chase,
You will be looking at the following:

New 2018 Ford F150 Crew cab Truck \$23859.16 (in stock)

New 2018 Ford Explorer Base \$25620.00(Order Unit)

Used 2014 Ford Explorer \$23976

With the Government Price Concession, you would be better with a new one.
