Subject: Accent on Cook County Progress Edition

Our Annual Accent on Cook County Progress Edition is going to publish in August and we are already working on it since it is such a large and popular edition in our newspaper every year.

Last year you ran a Full Page ad in this edition for \$700.00 and I would like to know if you are going to do the same this year? I have attached the ad you ran for your review.

Our deadline to have all ads built and approved will be July 27th.

Please get back with me as soon as possible so we can design your ad for this very popular edition this year.

Thank you,

Deborah Farmer
