

Request for Board of Commissioners' Action

From: Faye Hughes, County Administrator **Date:** November 2, 2018

Subject: Judge Lott Road repair needed **Item Number:** VIII-G

Judge Lott Road has a place about 600 feet long that needs to be replaced it is a huge pothole in front of Joey Williams home. Attached you will find a comparison showing the quantities needed and the prices. The estimate Scruggs has given for the repair is \$74,275.08.

When compared to the price given is for the repairs recently done on Lott Bridge Rd of \$43,510.70 the cost seemed very high but when you look at the attached document comparing the two roads you can see that the cost is increased do drastically due to the volume of material that will have to be used to repair Judge Lott Rd.

Chair will need a motion to accept the estimate and move forward, or a motion to repair these two roads in 2020. Both are in desperate need of repair. If the road in front of Joey Williams' home is put off the damage will be all the way to the pan on the road and cost more to repair it.

There is a similar situation in front of Mrs. Carline Phillips home on Antioch Road. Due to the traffic on both of these road they need to be repaired. Refilling them with cold patch is not getting the job done.

Chair will need a motion to accept the bid requests from Scruggs at \$74,275.08.

Motion made by _____

Second made by _____

Any discussion: _____
