

Request for Board of Commissioners' Action

From: Vicki Parrish, County Clerk Date: January 18, 2019

Subject: Proposal - Cook County Glass Item Number: VIII-A

It has become concerning that we are unable to see out the door at the end of the hall. During the recent past, we've had several times during elections, meetings, etc when citizens/vendors enter our building and we can't determine where they are once they are out of our line of site in the lobby. With several rooms unlocked on the south end of the building, we aren't sure if they are leaving the building. A glass door doesn't prevent all issues but it will allow us to see who is in the south hall without jeopardizing our safety by opening the door.

If the Board agrees, the Chairman will need a motion to accept the proposal from Cook County Ford.
