

Request for Board of Commissioners' Action

From: Lamar Ray, 911 Director Date: August 15, 2019

Subject: Communication Tower Generator Item Number: VIII-G

These are the bids to the next Commissioner's meeting for the Generator at the Lenox tower. It is for backup power for the communications tower that was built on the Scruggs's property. It is my recommendation to go with Anderson Power even though they are \$162.00 higher. They installed and service both of the 911 centers and road dept. generators at this time. I've attached the quotes on the a 11 kw and installation with a transfer switch.

Thanks

Lamar Ray

RE: Generator Installation

Mr. Ray,

Bennett Electric & Industrial Contractors, Inc. appreciates the opportunity to submit a proposal on referenced project listed above. Bennett Electric's job scope shall consist of performing the following installations.

- ★ Install 240/120 volt single phase generator with service entrance rated transfer switch.
- ★ Includes battery and startup.
- ★ Propane shall be provided by others.
- ★ Warranty is included by Generac.
- ★ Generator quoted is a Generac 11kw, 240/120 volt, and fueled by propane.

Total Cost: \$5,697.00

Terms: Net 30 days from date of invoice.

The proposal shall be valid for a period of 30 days from date of proposal.

If you have any questions regarding this proposal, please do not hesitate to contact me.

Respectfully submitted,

Stephen Bennett
Vice President

Acceptance of Proposal: The above prices and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified.

Date of Acceptance: _____
