

COOK COUNTY COMMISSIONERS

Called Meeting 3:00 p.m.

February 6, 2020

Present: Jeff Lane, Chairman
Audie Rowe, Vice-Chairman
Lindsey Parrish, Commissioner
Dwight E. Purvis, Commissioner

Staff Present: Faye Hughes, County Administrator
Vicki Parrish, County Clerk
Johnny West, Fire Chief

Chairman Lane called the meeting to order.

Commissioner Parrish opened up the discussion stating that he felt that Johnny was acting as our consultant directed by removing county equipment from city trucks once the city decided not to consolidate. He feels like it went in a different direction from the meeting with Lenox and he would like for Johnny to have renewed direction.

Continued discussion regarding fire services with the City of Lenox regarding access to the city building, and fire equipment.

Chairman Lane offered to speak with Mayor Henry Baker, City of Lenox, and Mayor Earl Jackson, City of Sparks, to inform them that any unsafe fire scene (city of county) will be addressed by Johnny West, County Fire Chief, and he will take control of the scene.

Johnny West will inquire of other counties how fire fighters employed by an entity as a career are accountable to attend volunteer training, fire attendance and meetings regarding any annual compensation.

With all business concluded, meeting adjourned.
