My apologies for the delay my laptop crashed on me last night. But here are the figures you requested. These figures are by the month.

Fuel	\$200
Insurance	\$20
Time	\$480
Traps and Bait/Lures	\$250
Incidentals	\$50
Total	\$1000

This covers the cost of busting of the beaver dams that you can not get to with equipment and keeping them open to allow water to continue to flow. Along with the disposal of the animals trapped by me. As a nuisance wildlife control permit holder from the Georgia Department of Natural Resources I am required by law to check any trap I set every 24 hours. If you have any questions, comments, or concerns please feel free to call me any time (229)444-8616.
