

SGRC 101

An Introduction to Your Regional Commission

Did you
know . . .

- In FY2019, the Aging Department was able to provide over 158,300 home delivered meals served through 22 Meals on Wheels Programs.
- The Community and Economic Development Department has assisted cities and counties in obtaining millions in grant funds.
- The GIS Department now has Drone services available to assist in aerial imagery of small areas, inspections of tall structures, post-disaster site evaluation, and debris calculations.
- In FY2019, the Lending Department partnered with area banks to fund over \$16M in projects.
- The Planning Department can assist local governments in the areas of comprehensive plans, urban re-development plans, zoning ordinances and many other planning services.
- The Transportation Department coordinates an average of 500 trips per day for clients of the Department of Human Services.
- The Workforce Department can reimburse employers for 50-75% of a new employees' wages during their training period.
