

Attention : To All Of the Cook County Commissioners:

The reason I am here today is my neighbors(Stephine and Jason Boykin) have complained about us (Jessica & Humberto Briones and Jeffery Travis) and our animals. They have complained about us since we moved to 1123 Antioch Rd. in 2013. First week we was here we had a little dog in the front yard and Jason come over ask my husband to move the dog to back yard cause when it barked they could hear it so we did and it didn't stop there with their complaining. They have called Sheriffs office, humane society and code enforcement alot of times. All of them have been to my house and I been to there office many of times they haven't seen that I do anything wrong.

* The Boykins also make noise, have dogs that bark and a had a pig in a small pin on side of there house.

*My neighbors on the other side of me have had no problems with me only them(Boykins).

*The Boykins had a problems with the Guy that lived on my property before I bought it. He had a peacock and they said it made to much noise.

*There was one time my family and I was outside by the fire talking . Stephine came out the door heard and seen us and told hollered at us to shut up.

*My animals get feed everyday.

*My dogs only bark when they see something in the yard that don't belong there or hear noises they ain't use too.

*Stephine can hear the dogs bark when she is outside and she hollars at the dogs "Shut Up". Her son use to come to the fence and mess with our dogs like throwing stuff at them and making noises for them to bark at when he was younger.

*We have Bought 3 different speakers extra small, small,

and medium speakers . With all three she call the police if she hears a little bit of noise from them. She can drive past our house to go to her and 5 to 10 minutes later the police is at the house. Even when I try to clean my car out at three in the afternoon with radio on she calls police if she is outside. I think that Stephine thinks that we are not allowed to make any noise on our property that we are suppose to stay in all the time. Most of time If I walk to the front yard I Can't hear the music.

*During the week we work and kids have afternoon sports so we are gone most of time during week and some weekends we travel for our kids to play eaither soccer or softball. So It not a every weekend thing for us to make a little noise. Mostly if we are making any noise it is someones birthday or a hoilday. we have even had police over at our house at 5 in after noon when kids was outside playing makeing noise and had a little music on.

*Pigs don't make any noise that I can hear when I am outside. I can only hear a little bit of the dogs barking. But that does bother me or my other neighbors.

*One time my brother (Jeffery) called and told me the police came to his house for the noise and I didn't hear anything and I was at home inside.

Stephine dad asked my moma one day "Do I want to sale my land cause he wanted to move hear" so I think that is what some of this is all about. She don't want us to live by her. *

Also Other problem is she don't like Mexicans and there music.**

I Live in the county to be able to have a little more freedom then living in the city. But the Boykins are trying to get that tooke away from not only my family but everyone in cook county.

IVEN

NARRATIVE/SUPPLEMENT

NARRATIVE #1

On the above date I (Lt. Trent Exum) was contacted by both Cook County Sheriff Doug Hanks and Capt. Brent Exum by phone. The Sheriff stated that he received a text from Jason Boykin stating that he had an unknown issue going on at his residence. Capt. Exum stated that he was contacted by County Commissioner Audie Rowe and was advised that Mr. Boykin called him and said that behind his residence near Stephen Williams lane he could hear several men and dogs. He further stated that it sounded as if the men had let dogs inside a pig pen and the pigs were screaming loudly.

I then went to Mr. Boykins's address on Antioch Road. I attempted for several minutes to get someone to his door but was not able to. I decided at that time to try and see if I could see anything on Stephen Williams Lane. AS I turned onto Stephen Williams lane off Tillman Road, I saw several men putting up dogs in a pen and into trucks. I then stop at the residence that was marked as 44 Stephen Williams Lane. I made contact with MR. Jeffrey Travis who stated that he and several friends were training new hog hunting dogs on his land. Mr. Travis further stated that he had three (3) wild pigs inside a small circular pen in the woods on his property and would allow the dogs to track through the woods until they were found. He advised me that none of the animals were hurt and the pigs were still inside the pen. At that time Mr. Travis and I walked into the woods and he showed me the said pen. Inside the pen I did see three (3) small pigs that were walking around with no visible marks on them. Mr. Travis said that when the dogs track the pigs and circle them, the pigs get extremely loud and that was possible what was heard. He finished by saying he knew who made the complaint because he calls 911 on his sister who lives near there also. He said that his sister and the complaint have had issues in the past. I advised Mr. Travis that a report would be taken and asked him to be more considerate of the neighbors in the future.

I was also contacted on the phone by DNR Penual. He stated that he also spoke with Mr. Boykin by phone. Mr. Boykin told him it sounded like someone was killing pigs and he wanted something done.

Several attempts were made to contact Mr. Boykin at his residence, but I was unable to do so.

NARRATIVE/SUPPLEMENT

NARRATIVE #1

On 05-25-2020, I, Cpl. Eric Nava, was dispatched to 1055 Antioch Rd in reference to loud noise complaint. Upon arrival I spoke with Jason Boykin and he advised a residence on Stephen Williams Ln were running dogs on hogs and that it was illegal. Jason advised its his memorial day and he shouldn't have to listen to dogs jump on hogs. I then made contact with resident, Jeffery Travis, at 44 Stephen Williams and he advised he has already had approval from the code enforcement on the housing of the hogs as well he advised he was training his dogs to track hogs.
