

October 2, 2020

Dear Cook County Commissioners,

Cook DFCS works in conjunction with Cook Called To Care. Cook Called To Care is a 501C-3 entity that serves Cook County. They are in need of space to store the donations that they use to help DFCS and the community fill needs. They provide our foster children with journey bags, clothes, beds, etc. Their current storage space will no longer be available in the near future. Cook DFCS has a storage building behind the office that we would like to allow them to use for their Called To Care ministry. This would benefit DFCS by having them close by for delivery and providing needs to DFCS customers. It would benefit Called to Care by having a large storage space to utilize without having to spend their donated money on renting or buying a location.

However, to ensure their property, they will need something to provide to their insurance company (either a letter of permission to occupy the space whether DFCS maintains lease on the building or a sublease). If the County Commissioners would grant this to Called to Care it would be greatly appreciated.

If you have any further questions, please contact Sky Robinson at 229-412-1306 or Kristy Horton at 229-319-4964.

Thank you for your consideration in this matter.

Sky Robinson  
Cook DFCS Director
