**Thank you for considering Samsara for your fleet.**

Samsara provides real-time visibility, business-relevant tools, and powerful analytics that enable customers to increase the productivity of their fleets and reduce operating costs. A solution for your fleet is proposed below.

What is included?

Samsara's fleet tracking solution includes hardware accessories and a per-gateway license. Gateway licenses provide all ongoing elements of the service, including:

- Real-time location and vehicle telematics
- Dashboard access with unlimited administrator accounts
- Driver App for iOS and Android devices with unlimited driver accounts
- Over-the-air software feature upgrades
- API access as it relates to features for integration with 3rd party systems
- Maintenance and phone support

Samsara does not include hidden costs in its licenses. If you want access to Samsara's full set of fleet features--including but not limited to WiFi hotspot and ELD capabilities--you will need to upgrade your license. Samsara reserves the right to audit usage of features unrelated to the solution as well as remove them from the Samsara Dashboard.

Payment Terms

This order form includes a one-time fee of hardware cost to be paid upfront and a Service License cost to be paid annually. The annual fees are payable by recurring wire transfer. All transfers are subject to a 3% processing fee unless the wire transfer is initiated by Samsara via ACH, in which case the 3% processing fee will be waived. Late payments are subject to a 1.5% per month late fee. If license payments are delinquent by 60 days, Samsara may suspend the Service until late payments are remitted.

License Term

The license term begins on the day your Samsara hardware ships. If you wish to continue using the service when your license term ends, you may renew your license. Samsara hardware requires a valid license to function.
