 - Federal Fiscal Recovery Funding for broadband expansion, etc.
- E. Faye Hughes, County Administrator, City of Adel Communication Tower
- F. Jess Permenter, Building/Zoning Administrator – DFCS Renovation Quotes

Discussion Items:

Doors at the Road Dept Storage building – Several months ago, Rusty asked the Board about putting doors on the back of the storage building at the Road Dept. Several offices use that building for storage. I had to find some plans that were stored out there last Thursday. I had to cut the container open to get the plans out due to the moisture. Having the whole back wall cut open doesn't allow those records stored out there to be secure by the front door being locked. I am asking the Board to please agree to have doors put up on the back of that building or the wall restored in order for the building to be secured. - Faye

Executive Session – If needed.

In Accordance with O.C.G.A. 50-14-2(1), 50-14-2(2), 50-14-3(4), and 50-14-3(6).
