- H. Lissimore Subdivision – CDBG proposal -From Daniel Connell: The only express conveyance is a 40 foot right of way which is most of Gallie Lissimore Road. It only goes so far as the last sharp curve on the eastern end. Hundley Circle was also conveyed, but no other roads within the subdivision have been dedicated. Not in the deed records anyway. I have not physically been to the property, and I am not very familiar with the history. We may or may not have a claim of prescriptive right to some of the remaining roads. Ola Mary Lane was expressly conveyed to Johnny and Ruby Tippins in 2002, so I know it would not qualify. - Daniel J. Connell, III
